Inge Josquin (1988) got her Bachelor Degree in Media and Entertainment Management at Hogeschool Inholland in Haarlem. During her minor in Long Beach, California, she knew working in media was her goal. She started her dream job at the tv show 'Lingo' and worked after that at various different production companies for both state and public networks. She produced all kinds of shows: studio productions, travel shows and reality. The shows were broadcasted on YouTube and from NPO1 to RTL. For the last 1,5 years she has been working at BNNVARA and worked on several big studio productions like 'De Nationale Reistest', 'Na Het Nieuws' and 'De S.P.E.L.Show'.

But it's time for a career change. She will contribute a new perspective to the BLOC table with her media background.

Inge is used to working in a creative and fast environment. With her positive attitude and structured way of working, she has control over the projects and doesn't miss any detail. With a critical eye, she will help wherever she can and like to enthusiast others with 'out of the box' ideas and making the impossible possible. The motto she lives by is: 'There is always a plan B.'
